

Swiss export stamps

According to Swiss legislation, export health certificates for animals, genetics, food and commodities (eg. cosmetics, toothbrushes) are issued by the Cantonal Food / Veterinary Offices. Each certificate is validated by an official of the Food / Veterinary Office with a uniform but uniquely numbered export stamp. For the purpose of reference, this page shows a template of the stamp used and lists the numbers of issued stamps. Should further information about a particular stamp be needed, the page references the contact address of the corresponding competent authorities.

Export stamps for products from Switzerland

Legend: xxx – name of the canton

yyyyy – unique number of stamp (see list on following page)

List of cantons and their attributed stamp numbers

Canton (xxx)	Stamps issued (yyyyy)	e-mail address of competent authority
