

Export stamps of the Principality of Liechtenstein

According to legislation of the Principality of Liechtenstein, export health certificates for animals, genetics and food of animal origin are issued by the Food / Veterinary Office of Liechtenstein. Each certificate is validated by an official of the Food / Veterinary Office with a uniform but uniquely numbered export stamp. For the purpose of reference, this page shows a template of the stamp used and lists the numbers of issued stamps. Should further information about a particular stamp be needed, the page references the contact address of the corresponding competent authorities.
