

## Private travelers

Control upon import of wild animals, plants and products thereof subject to regulations on species conservation (with import permit)

<b>Customs offices</b>	All customs offices where goods traffic is allowed
<b>Customs</b>	<p>The shipment must be announced at the customs office. The following documents must be presented:</p> <ul style="list-style-type: none"><li>→ Copy of import permit or permit number</li><li>→ accompanying document</li><li>→ if applicable, the original of the CITES export permit from the country of provenance</li></ul> <p>The fee for the species conservation control is collected in advance by the customs office. The selected species conservation control office shall be pre-informed by customs.</p> <p>The opening hours and locations of the control offices are listed on the next page.</p>
<b>Species conservation control</b>	<p>Animals, plants and products thereof that are subject to species conservation regulations must be presented at the selected species conservation control office within 48 hours (2 working days) of customs clearance.</p> <p>The following documents must be presented</p> <ul style="list-style-type: none"><li>→ Copy of import permit or permit number</li><li>→ if applicable, the <b>original</b> of the CITES export permit from the country of provenance</li></ul> <p>The consignment must be presented in a way that allows the control of conformity of the contents with the accompanying documents.</p> <p>Technical aids, which are not available at the control offices (containers etc.), must be provided by the importer, who is also responsible for repacking and loading the inspected consignment.</p>
<b>Animal health control</b>	Animals and products thereof from outside the EU, Norway and Island that are also subject to animal health legislation can only be presented at the airports of Zurich and Geneva.
Consignments that do not meet the above-mentioned requirements will not be accepted for control and may be confiscated.
