Aquaculture animals¹ Category: species: Life stage: Quantity (number, volume or weight):	
Details of the purpose for which the aquaculture animals¹ are intended to be used <input type="checkbox"/> further keeping <input type="checkbox"/> release into the wild <input type="checkbox"/> relaying <input type="checkbox"/> quarantine <input type="checkbox"/> ornamental purposes <input type="checkbox"/> slaughter and further processing <input type="checkbox"/> human consumption <input type="checkbox"/> purification centres <input type="checkbox"/> dispatch centres <input type="checkbox"/> research purposes <input type="checkbox"/> other (<i>to be specified</i>):	
Date on which the last sample was taken in compliance with Part III of Annex VI to <i>Delegated Regulation (EU) 2020/689</i> (When the aquaculture animals ¹ are destined for an establishment in another Member State which is implementing a surveillance program for a certain category ² C disease or diseases.) Date: Place: Results from the testing of that sample:	

Self-declaration

The consignor hereby certifies the following:

I) Aquaculture animals¹ of listed species³ being moved show no disease symptoms and they originate from either:

- an aquaculture establishment where there are no increased mortalities with an undetermined cause; or
- a part of the aquaculture establishment which is independent of the epidemiological unit where increased mortalities or other disease symptoms have occurred, and the Member State of destination and the Member State(s) of transit, if there are any such Member States, have given consent for such a movement to occur.

II) Aquaculture animals¹ of listed species³ being moved, that are intended for an aquaculture establishment which is participating in a surveillance programme for a specified category² C disease, originate from an aquaculture establishment:

- which is participating in a surveillance programme for that specified category² C disease; and
- where there has been no suspicion or confirmation of the presence of that specified category² C disease and this is supported by the sampling and laboratory data in compliance with Part III of Annex VI to *Delegated Regulation (EU) 2020/689*.

II) Aquaculture animals¹ of non-listed species and aquaculture animals¹ of species listed in column 4 of the table in the Annex to *Implementing Regulation (EU) 2018/1882* which are not regarded as vectors of the relevant category² C disease that are being moved, show no disease symptoms; and they originate from either:

- an aquaculture establishment or a habitat where there are no increased mortalities with an undetermined cause; or
- a part of the aquaculture establishment which is independent of the epidemiological unit where increased mortalities or other disease symptoms have occurred and the Member State of destination and the Member State(s) of transit, if there are any such Member States, have given consent for such a movement.

IV) Arrangements have been made for the consignment to be transported in accordance with Articles 3 and 4 of *Delegated Regulation (EU) 2020/990*.

Comments

¹ "Aquaculture animals" means aquatic animals kept in aquaculture as defined in point 7 of Article 4 of *Regulation (EU) 2016/429*.

² Category of listed disease listed in column 2 of the table in the Annex to *Implementing Regulation (EU) 2018/1882*.

³ Species listed in columns 3 and 4 of the table in the Annex to *Implementing Regulation (EU) 2018/1882*.
