Harmonised Swiss Authority Attestation

To whom it may concern

The Swiss Federal Food Safety and Veterinary Office has harmonised various formats of export attestations. For the purpose of standardising export processes and facilitating controls in the country of destination, one single "Official Food and Veterinary Law Enforcement Authority Attestation" has been created to cover the needs of all stakeholders. This document can be complemented with the necessary annexes. However, no substantive changes have been made to the content of the official attestations in the document.

Yours sincerely,

Thomas Jemmi

Deputy Director General FSVO
