# Enquête nationale sur l'alimentation - menuCH 2014/15

## Analyses réalisées et en cours

---

Statut : septembre 2022

### Table des matières

1	Aperçu des articles scientifiques soumis à l'examen de pairs.....	2
2	Aperçu des analyses en cours.....	6

L'Office fédéral de la sécurité alimentaire et des affaires vétérinaires (OSAV) met à disposition de chercheurs externes, les données individuelles anonymisées de l'enquête nationale sur l'alimentation "menuCH" 2014/2015 sous conditions d'une demande officielle et uniquement à des fins scientifiques (non commerciales) (<https://menuch.unisante.ch/index.php/home>).

Vous trouverez ci-dessous un aperçu des analyses déjà réalisées par des institutions externes, ainsi que celles en cours de réalisation. Les publications de l'OSAV ne figurent pas dans cette liste. L'ordre des articles de revues scientifiques soumis à l'examen de pairs est classé par ordre chronologique inverse. Les publications ainsi que les projets d'analyse en cours sont indiqués dans leurs langue d'origine. La personne responsable est la personne qui assume la responsabilité du respect de la convention de la protection des données signée par l'institution externe.

# 1 Aperçu des articles scientifiques soumis à l'examen de pairs

N° de la convention - Institution	Personne responsable	Titre de la publication	Année de publication
ID036 - Uni Zürich (UZH), Institut für Epidemiologie, Biostatistik und Prävention	Sabine Rohrmann	<a href="#">Different dietary assessment methods, similar conclusions? Comparison of a country's adherence to food-based dietary guidelines as depicted in two population-based surveys using different dietary assessment methods</a>	2022
ID103 – Uni Zürich (UZH), Institut für Evolutionäre Medizin	Kaspar Staub	<a href="#">A quantitative synthesis study on body mass index and associated factors among adult men and women in Switzerland</a>	2022
ID103 – Uni Zürich (UZH), Institut für Evolutionäre Medizin	Kaspar Staub	<a href="#">The role of body height as a co-factor of excess weight in Switzerland</a>	2022
